## Seminar: Building high performance teams

An aspiration for every manager should be building a truly high performing team. The benefits of a high performing team include greater productivity; higher morale and off-the-charts engagement levels – not to mention the time you save in avoiding having to deal with underperformance or coasting.

This seminar has been developed by Human Resources and Legal experts and is designed to meet the needs of APS managers at all levels. It will cover:

- the **theory behind high performance**;
- **practical ideas** for managers about how to build a high performance team;
- **achieving buy-in from staff or selling the benefits of being part of a high performing team**;
- **real life case studies**, including some of the remarkable results you can achieve with a high performing team; and
- a suggested **action plan** – allowing you and your team to take the next step towards genuine high performance.

Using their vast experience in strategic HR issues, Julia Burns Consulting and Quality Management Solutions offer a seminar which provides our **Top Ten Tips for building high performance teams**.
